

APPLICATION

High alkaline oven and grill cleaner.

- Highly alkaline formula for powerful degreasing.
- For effective cleaning of the oven and grill.
- Ready- to- use formula with long- nosed spray attachment in each case of 4x5l for easy application on those difficult- to- reach surfaces.

Oven and Grill Clean is an ecological, strongly alkaline oven and grill cleaner for use in commercial kitchens and the food industry. Oven & Grill Clean can be used to remove stubborn baked-on grease from ovens, grills, steamers, frying pans, and deep-fat fryers. Oven & Grill Clean adheres well to vertical surfaces to produce excellent cleaning results. Oven & Grill Clean does not contain any perfumes or colouring agents. The product is ideal for use on stainless-steel surfaces. Do not use this product on soft metals such as aluminum, copper or zinc. Before use, test the product on a small area of the material to check its suitability. Oven & Grill Clean uses plant-based surfactants and is free from chlorides and other halogens, phosphates and badly biodegradable phosphate replacements, and petrochemical-based surfactants. All ingredients from non-mineral origin are completely biodegradable.

INSTRUCTIONS FOR USE

1. Moisten the surface to be cleaned with the undiluted product (surface must be cool). 2. Allow to work in for 10 to 30 minutes. 3. Use a scouring pad or sponge to remove dirt. 4. Rinse thoroughly. In case of heavy soiling, warm the appliance to 50 °C (maximum) before cleaning. Use suitable gloves and safety glasses or goggles.

TECHNICAL SPECIFICATIONS

appearance	Liquid
colour	Colourless
odeur	Fragrance free
solubility in water	Completely
pH-value	13,5
relative density 20°C	1,050 Kg/L
safety	ADR UN 1719
